**Mercedes-Benz SL & SLC 107 Series: 1971 to 1989** By Brian Long

It's hard to believe, but the W113-series Mercedes-Benz SL was launched almost 50 years ago. However, its timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts, as well as those returning to the car having owned one when they were still in dealerships. A combination of superb original design, peerless engineering and build quality simply adds to the desirability of this series of classic German machines, and has ensured that many of these cars can still be seen in regular use today. Covering the SL's ever-changing specification, competition record, and its presence in many of the world's major markets is a huge task, but it's all presented here in definitive detail, along with stunning contemporary photography, in a volume that will readily grace any reference library shelf or connoisseur's coffee table. An earlier book, also published by Veloce, and covering the 107-series SL and SLC, acts as a perfect companion to this title, taking the SL story up to 1989.

## **Editorial Review**

### **Review**

"Give an experienced author such as Brian Long a subject he is passionate about – he's owned an SL and SLC – and you can expect a treat. And that's what we have here: a no-stone unturned look at these increasingly sought-after sporting Mercs. There are packed appendices for completists, too." – Classic & Sports Car

"Buy this excellent hardback 208-page history by an established author and wonder why on earth we British persisted so long with our own anachronistic, unreliable and spartan sports cars." – Gay Classic Car Group

### **About the Author**

Born in Coventry, once the heart of the British motor industry, Brian Long is a professional writer with a passion for vintage and sporting machinery. A trained mechanical engineer and a long-term owner of both an SL and SLC, he has had a strong connection with Daimler-Benz products for over two decades. He has over 50 books published, including many works on German marques.

## **Users Review**

### **From reader reviews:**

#### **Eric Campanelli:**
