### Editorial Review

#### Review

In 1965, a 28 year-old pastor named Robert Short turned a popular slide show he'd been presenting while working his way through seminary into a book called *The Gospel According to Peanuts* using Schulz's characters to explain the Christian faith. He explained that Lucy, in her headstrong impulsiveness, often represents original sin. In the Hound of Heaven chapter, Short shows how Schulz used Snoopy to stand for Christ or ideal Christians. A small Presbyterian publishing house (John Knox) published it in hopes of inspiring some Sunday-school teachers to think outside the box, and, behold, their wish was fulfilled. Over 10 million copies were sold. Thirty-five years later the publisher has issued an anniversary edition....Short demonstrates a broad and deep grasp of Scripture, theology, and popular culture, all without any of the personal narrative that dominate today's religious bestsellers. After reading Short's *Gospel*, I know less about him than I do about my insurance agent. His only narrative is the gospel: original sin, the wages of sin are death, sin makes us aware of our need for redemption, salvation is entirely a work of grace motivated by divine love. --*From Beliefnet*
