## The Hidden Hitler By Lothar Machtan

Lothar Machtan makes a compelling case that Adolf Hitler was homosexual, and that one cannot begin to understand him, his entry into politics, and the early Nazi movement without a clear understanding of this aspect of his identity. Recent books on the Nazi movement have argued that the Third Reich was a fundamentally sordid regime. Machtan provides powerful new evidence in support of this view. This side of Hitler and his "Munich clique," as Goebbels put it, has never been so vividly evoked. As an intimate portrait of Hitler and as a surprising portrait of the homoerotic nature of the early Nazi movement, The Hidden Hitler is a major and certainly controversial contribution to the biographical literature.

## Editorial Review

From Library Journal

The first of Machtan's works to be translated into English, this is certain to be controversial. A professor of modern and current history at the University of Bremen, Germany, and the author of several scholarly books on 19th-century Germany, Machtan here presents a documented study of Hitler's homosexuality and its impact upon his life and career. Machtan asserts that Hitler's homosexuality was known to some of his associates by the beginning of World War I and later in Vienna. As he became prominent, some of his associates in homoerotic circles of the Nazi movement attempted to blackmail him. These homoerotic undercurrents and Hitler's response to blackmail provide a hitherto neglected perspective on the questions surrounding the origins and development of Nazism. Although documenting homosexuality is a difficult task for historians of periods in which gays were oppressed and repressed, Machtan is able to provide evidence for his assertions as well as a nuanced and readable study of Hitler's sexuality. Libraries that own Joachim Fest's seminal *Hitler* (LJ 7/74) and Ian Kershaw's *Hitler, 1889-1936: Hubris* (LJ 1/99) and *Hitler, 1936-1945: Nemesis* (LJ 11/1/00), as well as a selection of the works of George Mosse on Nazi culture, should acquire this work. Barbara Walden, Univ. of Wisconsin, Madison

From [Booklist](#)

This professor of modern history at Bremen University in Germany argues, with persuasive power, that to fully understand the Third Reich, one must realize that Hitler was homosexual and understand the homoerotic nature of the Nazi movement. No question--this book will be heavily requested and stir much debate. *Brad Hooper*
