### Editorial Review

From Publishers Weekly

Howard brings her usual high level of intelligence and flair to her latest tale of romantic suspense (after *Kiss Me While I Sleep*). Successful health club owner Blair Mallory is the only witness when a troublemaking member gets shot behind her North Carolina gym. Since the killer may not realize that Blair hasn't seen his face, she needs police protection—but her difficulties only escalate when Lt. Wyatt Bloodworth, with whom she had a short but intense relationship several years earlier, is assigned to the case. Still smarting from Wyatt's unexplained rejection, Blair resists his macho self-confidence; Wyatt in turn is irritated by her refusal to follow orders, even as he succumbs to her feisty charm and potent sexuality. Their investigations promptly reveal a major suspect, but the attacks on Blair continue even after the alleged killer is apprehended. As they consider a new array of possible murderers, the pair (aided and abetted by their colorful families) conduct a spirited battle of the sexes. Blair's chirpy asides on everything from underwear to men will wear on readers by the middle of the book, when the plot's momentum stalls. Still, Blair's surface fluffiness and underlying savvy make her an engaging narrator, and the book's witty Southern "take" on womanhood will amuse readers in the region and beyond.
