From the Inside Flap

4 cassettes / 4 hours

Read by John Rubinstein

Syrian terrorists have attacked a dam inside the borders of Turkey, threatening the water supply of their own homeland. What the terrorists don't know is that a new Regional Op-Center is now online in Greece. A mobile version of the permanent crisis management facility, the ROC is a cutting-edge surveillance and information mecca. And its team can see exactly what the Syrian rebels are trying to do.

The terrorists are more resourceful than anyone thinks. They also have ways of obtaining classified information. And the Regional Op-Center -- the United States' newest weapon -- is not a prize to be passed up ...
