## The Strange Case of Dr. Jekyll and Mr. Hyde: And Other Tales of Terror

By Robert Louis Stevenson

### Stevenson's famous exploration of humanity's basest capacity for evil

Dr. Jekyll and Mr. Hyde have become synonymous with the idea of a split personality. More than a morality tale, this dark psychological fantasy is also a product of its time, drawing on contemporary theories of class, evolution, criminality, and secret lives. Also in this volume are "The Body Snatcher," which charts the murky underside of Victorian medical practice, and "Olalla," a tale of vampirism and "the beast within," with a beautiful woman at its center.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

### Editorial Review

#### Amazon.com Review

The young Robert Louis Stevenson suffered from repeated nightmares of living a double life, in which by day he worked as a respectable doctor and by night he roamed the back alleys of old-town Edinburgh. In three days of furious writing, he produced a story about his dream existence. His wife found it too gruesome, so he promptly burned the manuscript. In another three days, he wrote it again. "The Strange Case of Dr. Jekyll and Mr. Hyde" was published as a "shilling shocker" in 1886, and became an instant classic. In the first six months 40,000 copies were sold. Queen Victoria read it. Sermons and editorials were written about it. When Stevenson and his family visited America a year later, they were mobbed by reporters at the dock in New York City. Compulsively readable from its opening pages, *Dr. Jekyll and Mr. Hyde* is still one of the best tales ever written about the divided self.

#### From Publishers Weekly

Starred Review. Martin Jarvis delivers a gripping reading of Stevenson's classic. When Gabriel Utteron discovers that the sinister Mr. Hyde has moved into the home of his friend Dr. Jekyll and stands to benefit from his will, he becomes concerned and enlists the help of their mutual friend, Dr. Hastie Lanyon. Things go from bad to worse: Jekyll withdraws further from his social circle; Hyde's criminal spree culminates in murder; and Utteron and Lanyon fight to save their friend and unravel the mystery of Hyde's origins and disappearance. Jarvis's pacing is excellent, his characterization spot on, and his renditions of Jekyll and Hyde perfect; he creates two distinct characters that illustrate the story's exploration into the duality of human nature. (Feb.)

#### From School Library Journal

Grade 9 Up-Robert Louis Stevenson's classic tale of a man who discovered how to give his evil side the freedom of independence from his conscience is read with asperity by Ralph Cosham. The rising tide of fear that Stevenson evokes in his characters-from the storytelling gentlemen through whom the tale is narrated to Dr. Jekyll himself as he realizes Mr. Hyde's overwhelming power-is fortified by Cosham's straightforward delivery. There is no need for voicing or special sound effects since the pace of the reading keeps listeners as engaged as does the author's carefully scripted scenes and dialogues. For all collections, both library and classroom.
