The Three Theban Plays: Antigone; Oedipus the King; Oedipus at Colonus
By Sophocles

The heroic Greek dramas that have moved theatergoers and readers since the fifth century B.C.

Towering over the rest of Greek tragedy, the three plays that tell the story of the fated Theban royal family—*Antigone*, *Oedipus the King* and *Oedipus at Colonus*—are among the most enduring and timeless dramas ever written. Robert Fagles's authoritative and acclaimed translation conveys all of Sophocles's lucidity and power: the cut and thrust of his dialogue, his ironic edge, the surge and majesty of his choruses and, above all, the agonies and triumphs of his characters. This Penguin Classics edition features an introduction and notes by the renowned classicist Bernard Knox.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Editorial Review

Amazon.com Review

Aristotle called "Oedipus The King," the second-written of the three Theban plays written by Sophocles, the masterpiece of the whole of Greek theater. Today, nearly 2,500 years after Sophocles wrote, scholars and audiences still consider it one of the most powerful dramatic works ever made. Freud sure did. The three plays--"Antigone," "Oedipus the King," and "Oedipus at Colonus"--are not strictly a trilogy, but all are based on the Theban myths that were old even in Sophocles' time. This particular edition was rendered by Robert Fagles, perhaps the best translator of the Greek classics into English.

Language Notes

Text: English, Greek (translation)

From the Back Cover

Three Theban Plays entitled Antigone, Oedipus the King, and Oedipus at Colonus.

Users Review

From reader reviews:

Michael Albin:
