### Conversations with J. K. Rowling By Lindsey Fraser

The name J.K. Rowling is one that is on the lips of millions of readers worldwide, but before 1997 few people knew the brilliant woman behind the phenomenally successful Harry Potter books. And now, four books into the series, few yet know the real story of Ms. Rowling's childhood and career as a writer. This is the first and only true telling of Ms. Rowling's history because it is in her own words, from her birth in Chipping Sodbury near Bristol, England, to the stories about her favorite and least favorite teachers in school growing up, and to the funny misunderstanding in her first fan letter. It is like a visit with a friend, a friend who has brought you to tears with laughter and told the most enchanting stories you've ever been told.

## Editorial Review

### Amazon.com Review

If you're a Harry Potter fan who knows more about J.K. Rowling than you know about most of your own family, then you won't find much new in this slim, large-type book. But younger kids (and Muggle grownups hoping for some insight into the world of Harry Potter) will learn quite a bit about this phenomenally successful series and its unassuming author.

Divided into roughly three sections, *Conversations with J.K. Rowling* begins with some fairly general questions about the author's early childhood ("Did you have any pets?"), school days ("Did you watch much television as a child?"), and career ("Can you describe the process of creating the stories?"). The book then follows with an excerpt-assisted overview of the first four Harry Potter adventures (again, great for Muggles), and ends with a smattering of quotes from Rowling's interviews with Larry King, *Newsweek*, Oprah Winfrey's *O* magazine, and *Entertainment Weekly*.

Kids will get a kick out of many of the anecdotes (Rowling can't remember her little sister's birth, just eating the Play-Doh that she was given that day to distract her), while older readers should enjoy more sophisticated insights into her books (like how she decided to write full-time when she still had a daughter to support). Certainly a light (and quick) read, but fun for what it is. (Ages 9 to 12) --Paul Hughes

### From Publishers Weekly

In a highly accessible Q&A format, the author of the Harry Potter books reveals what it was like for her growing up her family life, pets and school days as well as her career as a writer in *Conversations with J.K. Rowling* by Lindsey Fraser. Excerpts from her interviews with Oprah, *Newsweek* and Larry King, among others, are also included, along with brief plot descriptions of books one through four.
