**Scalia and Garner's Making Your Case: The Art of Persuading Judges** By Bryan A. Garner, Antonin Scalia

In their professional lives, courtroom lawyers must do these two things well: speak persuasively and write persuasively. In this noteworthy book, two noted legal writers systematically present every important idea about judicial persuasion in a fresh, entertaining way. The book covers the essentials of sound legal reasoning, including how to develop the syllogism that underlies any argument. From there the authors explain the art of brief writing, especially what to include and what to omit, so that you can induce the judge to focus closely on your arguments. Finally, they show what it takes to succeed in oral argument.
