**Algebra and Trigonometry with Analytic Geometry (11th Edition with CD-ROM) (Available Titles CengageNOW)** By Earl W. Swokowski, Jeffery A. Cole

This latest edition in the highly respected Swokowski/Cole precalculus series retains the elements that have made it so popular with instructors and students alike: its exposition is clear, the time-tested exercise sets feature a variety of applications, its uncluttered layout is appealing, and the difficulty level of problems is appropriate and consistent. Mathematically sound, ALGEBRA AND TRIGONOMETRY WITH ANALYTIC GEOMETRY, Eleventh Edition, effectively prepares students for further courses in mathematics through its excellent, time-tested problem sets. This edition has been improved in many respects, including the addition of technology inserts with specific keystrokes for the TI-83 Plus and the TI-86, ideal for students who are working with a calculator for the first time. The design of the text makes the technology inserts easily identifiable, so if a professor prefers to skip these sections it is simple to do so.

### **Editorial Review**

#### **Review**

"There is about the right number of exercises, and there is a nice number of applications each time. The 'stories' attached to the application exercises are well developed and meaningful. I also like the use of illustrations to clarify the exercises. It is very helpful." "The exercises are well chosen and connect well with the text. They also go nicely from easier to harder at basically the right pace." "This text is carefully written. It does not oversimplify, but it is still accessible."

"Many mathematics textbooks are too concerned with rigor at the expense of understanding. This book has an adequate mix of rigor and conceptual development for comprehension."

#### **About the Author**

Earl Swokowski authored multiple editions of numerous successful textbooks, including CALCULUS; CALCULUS OF A SINGLE VARIABLE; FUNDAMENTALS OF COLLEGE ALGEBRA; and PRECALCULUS: FUNCTIONS AND GRAPHS, all published by Cengage Learning Brooks/Cole.

Jeffery A. Cole has been teaching mathematics and computer science at Anoka-Ramsey Community College since fall 1981. He started working on the Swokowski series of precalculus texts in 1985 as an ancillary author, and has been a co-author since 1991. His contribution to the Swokowski texts also includes joining the revision team of the calculus text in 1989.
