Editorial Review

From the Inside Flap

What happens when Sister Bear notices that Mama's lap is shrinking? No, it's not that Mama is eating too much salmon and honeycomb. Mama is going to have a baby! With a little help from Mama and Dr. Gert, Sister learns all about the birds and the bees...and sonograms, too! Is the baby going to be a boy or a girl? Shh...we're not telling! Here is a warm way to give very young children a very first introduction to the facts of life, Bear Country-style.

About the Author

Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family, *The Big Honey Hunt*, appeared in 1962. Since then, more than 360 Berenstain Bears books have been published, and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become one of the best-selling children's book series ever.
