The Supply Mangement Handbook, 7th Ed (General Finance & Investing)

By Joseph Cavinato

Turn to the collective wisdom of the field's top experts to understand and solve even the most complex supply management issue

For more than three decades, The Supply Management Handbook (formerly The Purchasing Handbook) has been vital for purchasing and supply professionals in every field and industry. This latest edition comprehensively updates and revises this classic to encompass the ongoing shift from simple purchasing to a new, more technology-based imperative--identifying and managing supply chain sources and strategies.

Addressing every essential issue from outsourcing to total cost of ownership to negotiations and contract management, an international team of supply management experts offers the authoritative, practical coverage you need to survive and thrive in today's ever-changing supply management environment. Topics include:

Sharpening your supply management skills Dramatic social and technological changes have brought new roles, responsibilities, and challenges to supply managers - along with exciting new opportunities. This definitive reference is the most trusted and efficient way to prosper in this ever-changing field.
