The Vietnam War: Handbook of the Literature and Research By James S Olson

This is a scholarly assessment of broad-ranging research on the Vietnam War over the last seventeen years by the editor of the prize-winning Dictionary of the Vietnam War. James Olson and his contributors offer fascinating insights as they evaluate the significant literature, films, and TV programs, offering different perspectives on the historical background; strategy and conduct of the war; the perspectives of Americans, the Indochinese, women, minorities, and veterans; the impact of the war on the homefront; and major problems and issues in the aftermath of the war.

This one-volume major reference covers all genres of literature, primary and secondary sources, personal narratives and oral histories, fiction and non-fiction, popular accounts, expert studies of military strategy and operations, Indochinese studies, books about the involvement and role of women and blacks, and discussions about Indochinese refugees, prisoners of war, those missing in action, veterans and post-traumatic shock. Films, TV programs, comic books and studies pointing to the effect of the war on the homefront and on others make up an important part of the book. A full index makes the volume easily accessible to students, scholars, and professionals in military studies, American and world history, American studies and popular culture, political science and international relations--an important acquisition for libraries of all kind.

Editorial Review

From Library Journal

Olson, a professor of history at Houston State University and editor of the *Dictionary of the Vietnam War* (LJ 3/1/88), here joins with 14 contributing authors to offer an excellent, comprehensive examination of the literature of the Vietnam War. The work skillfully surveys the conflict's military, political, social, and cultural aspects as covered in scholarly and popular books, fiction, film, television, comic books, and other sources produced during and after the war. Particular strengths are the discussion of Indochinese history, the experiences of American minority groups, and the inclusion of materials published as recently as 1992. Weak points are few: inconsistent critical analysis of the covered materials and an uneven writing style owing to the number of contributors. Still, these flaws do not detract from the work's importance as a solid introduction to Vietnam War studies as well as a collection development tool for librarians. Recommended for all academic libraries and middle to large public libraries.

- *Stephen L. Hupp, Capital Univ. Lib., Columbus, Ohio*

All of us recommend that straight away because this book has good vocabulary which could increase your knowledge in language, easy to understand, bit entertaining however delivering the information. The author giving his/her effort to set every word into pleasure arrangement in writing The Vietnam War: Handbook of the Literature and Research nevertheless doesn't forget the main point, giving the reader the hottest and also based confirm resource facts that maybe you can be certainly one of it. This great information can easily draw you into new stage of crucial contemplating.

Debbie Brown:

On this era which is the greater person or who has ability in doing something more are more special than other. Do you want to become considered one of it? It is just simple way to have that. What you must do is just spending your time little but quite enough to enjoy a look at some books. Among the books in the top record in your reading list is actually The Vietnam War: Handbook of the Literature and Research. This book that is qualified as The Hungry Mountains can get you closer in becoming precious person. By looking upwards and review this e-book you can get many advantages.

Todd Robinson:

Do you like reading a publication? Confuse to looking for your chosen book? Or your book has been rare? Why so many issue for the book? But almost any people feel that they enjoy regarding reading. Some people likes examining, not only science book but in addition novel and The Vietnam War: Handbook of the Literature and Research as well as others sources were given know-how for you. After you know how the good a book, you feel need to read more and more. Science guide was created for teacher or maybe students especially. Those guides are helping them to add their knowledge. In other case, beside science book, any other book likes The Vietnam War: Handbook of the Literature and Research to make your spare time much more colorful. Many types of book like here.

William Reyes:

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that looking at is not important, boring in addition to can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this The Vietnam War: Handbook of the Literature and Research can make you truly feel more interested to read.
