World War I Trench Warfare (2): 1916–18 (Elite) (Pt.2) By Stephen Bull

Osprey's examination of trench warfare tactics during World War I (1914-1918). The Allied attempt to break the stalemate of trench warfare by the 'big pushes' of 1916 led to massively costly battles of attrition. The Germans responded by developing schemes of defence in depth anchored on concrete bunkers; the Allies, by sophisticated artillery tactics in support of infantry assaults, and by the introduction of the tank - at first an accident-prone novelty, but later a front-breaking weapon. On both sides the small, self-reliant, opportunistic infantry unit, with its own specialist weapons, became the basic tool of attack. This second of a fascinating two-part study of the birth of 20th century tactics is illustrated in colour and includes rare photographs.

Editorial Review

Review

“Once again a winner in my opinion. No, it still hasn't made me an expert on World War I, but has increased the knowledge base a little in a simple, easy to understand format. Osprey is to be commended for their continued coverage of this neglected period. I highly recommend this to any figure modeler or painter with an interest in this time period, for a general overview, and some interesting figure/vignette ideas. For those interested in a more detailed study of various countries uniforms during WWI, be sure to see some of Ospreys other offerings.” ?*Dave O'Meara, Historicus Forma (August 2005)*

From the Publisher

An unrivalled illustrated reference source on fighting men and commanders, past and present. Each volume is packed with full colour artwork, making military history uniquely accessible to enthusiasts of all ages.

About the Author

Dr Stephen Bull is the Curator of the Museum of Lancashire in Preston. Born in 1960, he graduated from the University of Wales with a BA (Hons) in history in 1981, and obtained his doctorate from University College, Swansea. For several years he worked at the National Army Museum, on a fortifications project and later in the Weapons Department. He has written numerous articles for specialist journals, including a number on the weapons and tactics of World War I.

Users Review
