Anatomy of a Single Girl By Daria Snadowsky

"Curious teens will find Snadowsky's honesty refreshing, and like [Judy Blume's] *Forever* before it, this [book] is sure to be passed from hand to hand."--*Booklist*

After everything that happened—my first boyfriend, my first time, my first breakup—jumping back into the dating game seemed like the least healthy thing I could do. It's not that I didn't *want* to fall in love again, since that's about the best feeling ever. But as a busy college premed still raw from heartbreak, which is the *worst* feeling ever, I figured I'd lie low for a while. Of course, as soon as I stopped looking for someone, an impossibly amazing—and devastatingly cute—guy came along, and I learned that having a new boyfriend is the quickest way to recover from losing your old one.

The moment we got together, all my preconceptions about romance and sex were turned upside down. I discovered physical and emotional firsts I never knew existed. I learned to let go of my past by living in the present. It was thrilling. It was *hot*. It was just what the doctor ordered.

But I couldn't avoid my future forever.

In Daria Snadowsky's daring sequel to *Anatomy of a Boyfriend*, eighteen-year-old Dominique explores the relationship between love and lust, and the friendships that see us through.

"Dominique is a strong female character who makes informed decisions and demonstrates control over her own body and goals. . . . This book could be popular with girls who are curious and interested in reading about intimate young adult relationships."--*VOYA*

"Presents a multiplicity of opinions and stories about sex, intimacy and relationships and lets readers come to their own conclusions."--*Kirkus Reviews*

From the Hardcover edition.

Editorial Review

From School Library Journal

Gr 9 Up-In this sequel to *Anatomy of a Boyfriend* (Delacorte, 2007), 18-year-old Dominique Baylor is fresh off her freshman year at Tulane and plans to spend eight weeks with her family at their Fort Myers home. She will work as a hospital volunteer and hang out with her best friend, Amy, hoping that this will help her recover from a recent breakup. She meets Guy Davies, a handsome Ford University junior, and is immediately attracted to him. While both acknowledge the chemistry between them, Dom longs for a level of commitment that Guy does not reciprocate. He makes it clear that he is interested in a summer romance. At first hesitant, Dom decides to go along with the limitations, living for the pleasures of a relationship that has no future. Not surprisingly, she eventually determines that she wants more than a strictly physical relationship, breaks off with Guy, and returns to Tulane a "sadder but wiser" girl. The necessity of having a boyfriend ("No matter what we do, it's always more special if there's a boyfriend to share it with.") is an underlying message. The book contains explicit sexual scenes, raunchy language, and a detailed graphic description of a pelvic exam.-Barbara M. Moon, Suffolk Cooperative Library System, Bellport, NY©(c) Copyright 2011. From Booklist

In this sequel to *Anatomy of a Boyfriend* (2007), Dom is now a freshman at Tulane studying premed. She has been reeling from the breakup with her first love, first time, first everything—Wes—and she has very definite opinions on sex, love, and romance. When Dom goes home to Florida for the summer, she realizes, "I've been so caught up with mapping out a picture-perfect 'forever' that I'm completely neglecting my present," and gives herself permission to fall for a hot local student, Guy—even though Guy has made it clear he is not looking for more than a summer fling. After a frank discussion about safe sex, getting tested, and a well-described trip to the gynecologist, Dom and Guy do it, and do it, and do it. By novel's end, Dom realizes that it may take "scads more guys, dates, relationships" and acceptance of imperfections to find the right person. The overuse of italics for emphasis throughout is distracting, but curious teens will find Snadowsky's honesty refreshing, and like *Forever* before it, this one is sure to be passed from hand to hand. Grades 10-12. --Ann Kelley

About the Author

DARIA SNADOWSKY lives and practices criminal defense law in Southern Nevada. She is the author of acclaimed *Anatomy of a Boyfriend* and contributed an essay to the anthology *Crush: 26 Real-life Tales of First Love* (Harlequin, 2011).

Users Review

From reader reviews:

Robin Boucher:

Spent a free the perfect time to be fun activity to do! A lot of people spent their sparetime with their family, or all their friends. Usually they doing activity like watching television, planning to beach, or picnic inside park. They actually doing same thing every week. Do you feel it?
