Geopolitics: A Very Short Introduction (Very Short Introductions) By Klaus Dodds

In places such as Iraq, Lebanon, and Israel, moving a few feet in a territorial boundary can be a matter of life or death, dramatically highlighting the connections between place and politics. Even far away from these "danger zones" - in Europe or the US for example - geopolitics remains an important part of everyday life. A country's location and size as well as its sovereignty and resources all affect how the people that live there understand and interact with the wider world. In this new edition, Klaus Dodds takes into account several world developments that have occurred since original publication, including the Arab Spring, the worldwide economic crisis, and the developing role of China in international politics.

Using wide-ranging examples, from historical maps to James Bond films and the rhetoric of political leaders both past and present, this *Very Short Introduction* shows why- for a full understanding of contemporary global politics- it necessary to be geopolitical.

ABOUT THE SERIES: The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Editorial Review

Review

Dodds has produced an interesting, wide-ranging and insightful book that packs an intellectual punch into a short space... as a primer for new students interested in geopolitics, or those wanting to explore different, less conventional, sides of geopolitical analysis, it comes highly recommended. *Journal of Contemporary European Studies*, Edward Stoddard

About the Author

Klaus Dodds is Professor of Geopolitics at Royal Holloway University of London. Since publication of *Geopolitics VSI*, he has co-edited three books, *Spaces of Security and Insecurity* (2009), *Observant States: Geopolitics and Visual Culture* (2010), and *The Ashgate Handbook on Critical Geopolitics* (2012). He has also written *The Antarctic: A Very Short Introduction*.

Users Review

From reader reviews:

Beth Murray:

Nowadays reading books become more than want or need but also get a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book which improve your knowledge and information. The details you get based on what kind of book you read, if you want have more knowledge just go with education books but if you want really feel happy read one along with theme for entertaining including comic or novel. The *Geopolitics: A Very Short Introduction (Very Short Introductions)* is kind of publication which is giving the reader erratic experience.

Alberta Jones:

The reason? Because this *Geopolitics: A Very Short Introduction (Very Short Introductions)* is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will zap you with the secret it inside. Reading this book alongside it was fantastic author who have write the book in such wonderful way makes the content inside easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of positive aspects than the other book possess such as help improving your expertise and your critical thinking way. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

Ana Jimenez:

Publication is one of source of know-how. We can add our knowledge from it. Not only for students and also native or citizen have to have book to know the revise information of year for you to year. As we know those

ebooks have many advantages. Beside many of us add our knowledge, also can bring us to around the world. With the book *Geopolitics: A Very Short Introduction* (Very Short Introductions) we can consider more advantage. Don't someone to be creative people? To be creative person must choose to read a book. Merely choose the best book that acceptable with your aim. Don't possibly be doubt to change your life by this book *Geopolitics: A Very Short Introduction* (Very Short Introductions). You can more appealing than now.

Mary Clement:

Reading a guide make you to get more knowledge from it. You can take knowledge and information from a book. Book is prepared or printed or illustrated from each source that will filled update of news. In this modern era like now, many ways to get information are available for a person. From media social such as newspaper, magazines, science book, encyclopedia, reference book, fresh and comic. You can add your understanding by that book.
