### **Editorial Review**

#### **Review**

A very readable and entertaining book for Virgos and, more importantly, for those who love, live or work with a Virgo. Mary is spot on with her insights into this misunderstood zodiac sign, blending great advice with practical tips and good humour.

-Nikki Harper DMS.Astrol Author of Moon Surfing for Teens

#### **From the Author**

This book that you are reading, is part of a series of beginner Astrology books aimed at people who have an interest in Astrology and an interest in their Zodiac or Sun Sign. It started with Pisces, my sign and gradually grew into a rather large project to cover each sign.

As I'd started at the end of the Zodiac, I thought I'd go backwards and here I am at Virgo, the 6th sign.

The title changed quite a few times before I settled on the one you're reading. This was brought about by a combination of my Pisces wobbliness and the Virgo need for exactness and correctness. I apologise now if anything I've written isn't as you expected or wanted but I've done my best to bring you a rounded view of Virgo.

Each book has been written with quotes from real people, people the same as you, living their lives on Planet Earth. Full of questions about their lives, wondering and hoping that learning a little about their sign will bring some useful inner-knowledge. Because, after all, learning something new is only helpful if it brings some sort of understanding.....
