## Drupal 7 Media By Liran Tal

If you like building websites with Drupal you'll love this guide to introducing multimedia to your sites. Packed with examples, it helps you use HTML5 and the Drupal eco-system to achieve brilliant results.

### Overview

- Leverage the best Drupal community modules for media integration
- Extend media resources such as image styles, slideshows, galleries, and media management to enrich the user experience
- Learn how to use HTML5 for responsive web design and semantic websites, and implement a better cross-compatible web application

### In Detail

Integrating images, video, and audio content on a Drupal site requires knowledge of appropriate community modules, and an understanding of how to configure and connect them properly. With the power of up-to-date technologies such as HTML5, responsive web design, and the best modules available in Drupal's eco-system, we can create the best Drupal 7 media website.

Drupal 7 Media is a practical, hands-on guide that will introduce you to the basic structure of a Drupal site and guide you through the integration of images, videos, and audio content. Learn to leverage the most suitable community modules and up-to-date technology such as HTML5 to offer a great user experience through rich media content.

The book begins with a practical introduction to the basic Drupal building blocks. It then breaks down each media resource, and explores them in detail.

You will learn how to leverage Drupal's community modules to implement support for images, videos, and audio content, along with the best practices for implementation. We will be mentioning ideas throughout the book, which you can extend upon and use to build your own web applications. We will explore HTML5 support for media resources, the semantic web, and responsive web design, which are key topics in modern web application development. We will then build upon this knowledge and add more functionality to our sample

website, such as support for analytic charts and customizing images, all of which we will implement using our own custom modules.

You will learn everything you need to know about building, extending, and configuring a Drupal 7 media web application.

### **What you will learn from this book**

- Set up a custom WYSIWYG profile and text format
- Learn to manage and embed images in content, and create image galleries and albums
- Manage and embed videos and audio playlists
- Set up HTML5-based video and audio players and integrate with JavaScript libraries for native browser support
- Enhance images with visual effects, and media content with multiple upload widgets, social ratings, watermark effects, and other community-contributed modules
- Create an HTML5-based canvas drawing application
- Build a responsive web design layout and semantic website with HTML5 and modern themes

### **Approach**

This is a practical, hands-on guide packed with examples that will help you build rich Drupal 7 media web applications.

### **Who this book is written for**

If you are a Drupal site builder and you wish to spice up your web applications with rich media content, then this book is for you. A basic understanding of HTML, JavaScript, and basic PHP module development in Drupal would be helpful, but is not necessary.

### Editorial Review

#### About the Author

##### **Liran Tal**

Liran Tal is a leading software developer, an expert Linux engineer, and an avid supporter of the open source movement. In 2007, he redefined the network RADIUS management by establishing daloRADIUS, a world-recognized and industry-leading open source project. Liran currently works at HP Software, leading the development team on a Drupal-based collaboration platform in HP's Live Network R&D group. At HPLN, Liran plays a key role in system architecture design, shaping the technology strategy from planning and development to deployment and maintenance in HP's IaaS cloud. Acting as the technological focal point, he loves mentoring his team mates, providing a drive for better code methodology and seekout innovative solutions to support business strategies. He graduated cum laude in his Bachelor of Business and Information Systems Analysis studies and enjoys spending time with his beloved wife and soul mate Tal, playing his guitar, hacking all things Linux, and continuously experimenting and contributing to open source projects.

### Users Review

#### From reader reviews:

##### **Mary Gale:**

What do you think of book? It is just for students since they are still students or that for all people in the world, what best subject for that? Simply you can be answered for that problem above. Every person has different personality and hobby for every single other. Don't to be obligated someone or something that they don't would like do that. You must know how great as well as important the book Drupal 7 Media. All type of book are you able to see on many solutions. You can look for the internet sources or other social media.

##### **Joseph Nixon:**

Reading a guide tends to be new life style in this era globalization. With examining you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire their particular reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on earth always try to improve their proficiency in writing, they also doing some exploration before they write to the book. One of them is this Drupal 7 Media.

##### **Timothy Holeman:**

Playing with family in a park, coming to see the marine world or hanging out with good friends is thing that usually you will have done when you have spare time, subsequently why you don't try factor that really

opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Drupal 7 Media, it is possible to enjoy both. It is good combination right, you still wish to miss it? What kind of hang-out type is it? Oh can occur its mind hangout people. What? Still don't buy it, oh come on its referred to as reading friends.

**Casey Timmons:**

Drupal 7 Media can be one of your beginning books that are good idea. We all recommend that straight away because this book has good vocabulary that will increase your knowledge in vocabulary, easy to understand, bit entertaining however delivering the information. The copy writer giving his/her effort that will put every word into satisfaction arrangement in writing Drupal 7 Media however doesn't forget the main place, giving the reader the hottest and also based confirm resource data that maybe you can be considered one of it. This great information can drawn you into brand-new stage of crucial considering.
