## International Relations By Stephanie Lawson

International Relations emerged as a distinct academic discipline in the early twentieth century as scholars and practitioners sought to address the causes of war and conditions for peace in a systematic and sustained way. Its philosophic foundations, however, draw on centuries of thinking about human nature, political authority and obligation, justice and injustice, and their implications for relations within and between political communities. Since then, IR has become one of the most important and dynamic fields of academic study in the contemporary period.

In this second edition, Stephanie Lawson retains a broad historical and contextual approach in introducing readers to the central themes and theoretical perspectives while also addressing key concerns in the contemporary period. These include the emergence of states and empires, theories ranging from classical realism and liberalism to postcolonial and 'green' theory, twentieth century international history, security and insecurity, global governance and world order, international political economy, globalization and the prospects for a 'postinternational' world.

Written in an accessible narrative style, this book will appeal to students at undergraduate level and beyond, including those undertaking postgraduate coursework study in IR with little or no previous academic training in the field.

## **Editorial Review**

Review

"A rare accomplishment. Quite the best introductory text in international relations I have ever seen."

**Peter Vale, University of Johannesburg**

"This is the kind of textbook that promotes intelligent conversation between student and teacher about the evolution of International Relations both as a discipline of study and as practice. With a light touch and admirable clarity of language, it confidently handles the definitional and conceptual ideas at the heart of the subject."

**Rosemary Foot, St Antony's College, Oxford**

"The new edition of Stephanie Lawson's innovative international relations text builds on the strengths of the first edition - its historical contextualization of contemporary global politics, an emphasis on normative elements, and an openness to various theoretical approaches - and adds comprehensive chapters on IR theory and on international political economy."

**John Ravenhill, Australian National University**

About the Author

**Stephanie Lawson** is Professor of Politics and International Relations at Macquarie University.

## **Users Review**

**From reader reviews:**

**Shirley Joy:**

Book is usually written, printed, or highlighted for everything. You can understand everything you want by a guide. Book has a different type. We all know that that book is important thing to bring us around the world. Next to that you can your reading ability was fluently. A guide International Relations will make you to become smarter. You can feel much more confidence if you can know about almost everything. But some of you think that open or reading a new book make you bored. It is not necessarily make you fun. Why they might be thought like that? Have you in search of best book or appropriate book with you?

**Ruby Carter:**

Information is provisions for people to get better life, information presently can get by anyone with everywhere. The information can be a knowledge or any news even a concern. What people must be consider whenever those information which is inside former life are difficult to be find than now is taking seriously which one works to believe or which one typically the resource are convinced. If you have the unstable resource then you get it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take International Relations as your daily resource information.

**David Gehrke:**

Your reading 6th sense will not betray a person, why because this International Relations reserve written by well-known writer whose to say well how to make book which might be understand by anyone who all read the book. Written in good manner for you, dripping every ideas and publishing skill only for eliminate your hunger then you still uncertainty International Relations as good book not merely by the cover but also by content. This is one guide that can break don't ascertain book by its protect, so do you still needing one more sixth sense to pick that!? Oh come on your reading through sixth sense already told you so why you have to listening to another sixth sense.

**Clara Radtke:**

This International Relations is great e-book for you because the content which can be full of information for you who always deal with world and also have to make decision every minute. This book reveal it info accurately using great manage word or we can say no rambling sentences inside. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but difficult core information with beautiful delivering sentences. Having International Relations in your hand like getting the world in your arm, facts in it is not ridiculous a single. We can say that no book that offer you world inside ten or fifteen minute right but this reserve already do that. So , this is certainly good reading book. Hey Mr. and Mrs. active do you still doubt that?
