Editorial Review

From Library Journal

Investigator Archy McNally agrees to handle a burglary case involving the theft of four valuable stamps for a Palm Beach society matron; from there he is led into a web of lies, sex, and blackmail. Murder is also involved, and Archy, who narrates the tale, has to sort out the scandal from the truth. A subplot involving Archy's affair with a beautiful antiques dealer may indicate his playboy days are over; he is suave and jaded but still capable of dropping names and bits of humor. Adam Henderson's pleasant voice helps the listener make it through to the end. Recommended for larger collections.

Glib, suave Archy McNally makes discreet investigations for the gentry of tony, decadent Palm Beach. This latest adventure begins with a stolen rare stamp, for which he searches through some skeleton-filled closets, including his own. But it hardly matters. For the reader, the delight of McNally's cases lies less in the plot than in the Dickensian characters he encounters (and beds), his banter with them, and his comments on them. All these are amplified through the sensibility of Adam Henderson. Not at all suave, he has a fey, untrained sound. And yet, by virtue of his own puckish touch, expressiveness, and verve, he gives a particularly satisfying rendition. He takes a while to get used to, but the patience pays off.
