As a university student exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is being complicated.
