Editorial Review

From Publishers Weekly

McEwan's name will be on everyone's lips with his startling new novel, an impeccably constructed psychological thriller set in Berlin during the Cold War. Basing his story on an actual (but little known) incident, he tells of the secret tunnel under the Soviet sector which the British and Americans built in 1954 to gain access to the Russians' communication system. The protagonist, Leonard Marnham, is a 25-year-old, naive, unsophisticated English post office technician who is astonished and alarmed to find himself involved in a top-secret operation. At the same time that he loses his political innocence, Leonard experiences his sexual initiation in a clandestine affair with a German divorcee five years his senior. As his two secret worlds come together, events develop into a gruesome nightmare, far more macabre than anything McEwan (*The Child in Time*) has previously written, building to a searing, unforgettable scene of surrealist intensity in which Leonard and his lover try to conceal evidence of a murder. Acting to save himself from a prison sentence, Leonard desperately performs an act of espionage whose ironic consequences resonate down the years to a twister of an ending. Though its plot rivals any thriller in narrative tension, this novel is also a character study--of a young man coming of age in bizarre circumstances, and of differences in national character: the gentlemanly Brits, all decorum and civility; the brash, impatient Americans; the cynical Germans. McEwan's neat, tensile prose raises this book to the highest level of the genre. Film rights to Paramount; BOMC and QPB featured alternates.

From the Inside Flap

The setting is Berlin. Into this divided city, wrenched between East and West, between past and present; comes twenty-five-year-old Leonard Marnham, assigned to a British-American surveillance team.

Though only a pawn in an international plot that is never fully revealed to him, Leonard uses his secret work to escape the bonds of his ordinary life -- and to lose his unwanted innocence.

The promise of his new life begins to be fulfilled as Leonard becomes a crucial part of the surveillance team, while simultaneously being initiated into a new world of love and sex by Maria, a beautiful young German woman. It is a promise that turns to horror in the course of one terrible evening -- a night when Leonard Marnham learns just how much of his innocence he's willing to shed.
