### **Editorial Review**

#### **Review**

This is the first vocabulary and grammar book I've found that not only gives definitions, explanations, example sentences, and basic fill-in-the-blank exercises, but also includes exercises that mimic every part of the TOEFL.

The grammar is also explicitly connected to the test. Why, for example, should you study reported speech? The book makes it clear: your first essay task on the TOEFL requires you to summarize a professor's lecture. Reporting speech is a core skill for an essay like that!

If you need to improve your vocabulary and grammar for the TOEFL, or if you are teaching or tutoring the TOEFL, I highly recommend this book!
