A Primer of Clinical Psychiatry, 1e By David Castle, Darryl Bassett

This is a text book of clinical psychiatry that is concise yet comprehensive, up to date, and readily accessible. It aims to be an easy entry to the pertinent facts of clinical psychiatry for medical students and students of mental health disciplines; a resource for established clinicians, including GPs; and also a brief yet thorough overview for the more advanced psychiatric trainee or mental health professional. There is a particular focus on providing simple clinical tips. Liberal use of fact boxes and summary lists ensures readers will have at their fingertips the facts required for undergraduate OSCE exams in clinical psychiatry (an appendix provides explicit examples), as well as equipping more advanced readers with the basic knowledge underpinning post-graduate exams in clinical psychiatry and related allied health disciplines. To effect coherence of approach and minimal overlap between chapters, the bulk of the text has been written by two authors who are experienced psychiatrists with expertise in a broad range of clinical and research areas. Introductory chapters cover the psychiatric interview and mental state and clinical investigations relevant to psychiatry. The second section is an overview of all of the major syndromes of psychiatry, covering epidemiology, aetiology and clinical aspects, and including discussion of specific treatment approaches. A separate section reviews more generally, biological and psychosocial aspects of treatment in psychiatry, with worked case examples.

Editorial Review

Users Review

From reader reviews:

Darlene Trevino:

This A Primer of Clinical Psychiatry, 1e book is absolutely not ordinary book, you have it then the world is in your hands. The benefit you will get by reading this book is usually information inside this e-book incredible fresh, you will get facts which is getting deeper a person read a lot of information you will get. This particular A Primer of Clinical Psychiatry, 1e without we realize teach the one who examining it become critical in considering and analyzing. Don't become worry A Primer of Clinical Psychiatry, 1e can bring if you are and not make your bag space or bookshelves' grow to be full because you can have it in your lovely laptop even phone. This A Primer of Clinical Psychiatry, 1e having fine arrangement in word in addition to layout, so you will not sense uninterested in reading.

Christopher Barry:

Hey guys, do you wishes to finds a new book to learn? May be the book with the concept A Primer of Clinical Psychiatry, 1e suitable to you? Often the book was written by renowned writer in this era. The book untitled A Primer of Clinical Psychiatry, 1e is one of several books this everyone read now. This book was inspired many men and women in the world. When you read this book you will enter the new age that you ever know prior to. The author explained their thought in the simple way, consequently all of people can easily to know the core of this book. This book will give you a great deal of information about this world now. In order to see the represented of the world in this particular book.

Wendell Radford:

Exactly why? Because this A Primer of Clinical Psychiatry, 1e is an unordinary book that the inside of the book waiting for you to snap this but latter it will zap you with the secret it inside. Reading this book next to it was fantastic author who have write the book in such wonderful way makes the content interior easier to understand, entertaining means but still convey the meaning totally. So , it is good for you because of not hesitating having this anymore or you going to regret it. This unique book will give you a lot of gains than the other book include such as help improving your ability and your critical thinking technique. So , still want to delay having that book? If I ended up you I will go to the publication store hurriedly.

Merle Poteet:

As a pupil exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to there

but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this A Primer of Clinical Psychiatry, 1e can make you feel more interested to read.
