**The Secret Life of Uri Geller: CIA Masterspy? By Jonathan Margolis**

### New Biography Shows Celebrity Spoon Bender, Uri Geller, Secretly Worked for U.S. Intelligence Agencies

This authorized biography of Uri Geller tells his life story and explores recent claims about his clandestine work with the CIA and the Israeli intelligence agency, the Mossad, during and after the Cold War. Geller is best-known for his Vegas-style act where he bends spoons, describes hidden drawings, and performs other paranormal feats.

Technology journalist and former *Time* magazine correspondent, Jonathan Margolis, worked alongside Geller and Oscar-winning filmmaker Vikram Jayanti on the book, to be published October 15th

Jayanti debuted a documentary at the Sheffield (UK) Film Festival commissioned by the BBC and entitled, *The Secret Life of Uri Geller: Psychic Spy?* Jayanti directed the Muhammad Ali documentary, *When We Were Kings*.

“Now there is the internet and the NSA’s ability to monitor massive amounts of chatter around the world,” says Margolis. “40 years ago, however, intelligence agencies needed to explore way-out ways of monitoring the bad guys. The people I interviewed on-the-record for the book were adamant that Uri Geller wasn’t only able to gather secret information remotely and perform other espionage tasks, but was extremely good at it.”

Throughout his career, Uri Geller has courted controversy. He is known globally as an entertainer and friend of pop star, Michael Jackson, who was best man at the renewal of Geller’s wedding vows. He also made millions as a psychic adviser to the oil industry, but as a paranormalist was humiliated in a 1974 appearance on ‘The Tonight Show’ with Johnny Carson.

And yet there are photographs from 1987 of Geller together with Al Gore, Yuli M. Vorontsov, First Deputy Foreign Minister of the Soviet Union, and several other high ranking US officials at nuclear arms limitation talks between the U.S. and the Soviet Union. What was Geller doing in these pictures? Margolis brings proof that Geller was there at the invitation of the chairman of the Senate Foreign

Relations committee to influence Vorontsov's to sign the treaty.

There is also new testimony from a living senior former CIA official and others who worked for the Agency confirming that Geller was exhaustively laboratory tested on behalf of the CIA, and was used as an intelligence asset of the CIA and Defense Intelligence Agency – and that under President Carter's presidency, using psychics in intelligence matters was known about and accepted at the White House.

Michael Mann, publisher at large for Watkins, said: "Uri is world-famous for mind reading and spoon bending but his work with the CIA and Mossad during the 60s and 70s as well as, it seems, in post 9/11 times, has until now remained secret. *The Secret Life of Uri Geller* tells the real story of his extraordinary life and his alleged continuing undercover work for the West's major spy agencies."

### Editorial Review

#### Review

"Regardless of where the truth lies, Uri Geller is one of the most fascinating people of all time and has created a great debate. THE SECRET LIFE OF URI GELLER is such a great book and really brought some new things to light about the importance of Geller and how the government looked at him and utilized him."
