Editorial Review

Amazon.com Review

Black and White is an interesting title for a book that aims to prove there's no such thing as black and white. But read on and you will see that irony and playful deception are running themes in this multidimensional, nonlinear picture story, which was awarded the 1991 Caldecott Medal. In it, a normal-looking cow contains a robber literally pointing at one of the plot's various possible outcomes, which remain tentative as long as they are formulated by young readers. Seeing new angles and clues every time they open the book, these readers will probably astound adult onlookers with their excitement and ease at navigating the unknown in a literary medium akin to interactive multimedia.

From Publishers Weekly

At first glance, this is a collection of four unrelated stories, each occupying a quarter of every two-page spread, and each a slight enough tale to seem barely worth a book--a boy on a train, parents in a funny mood, a convict's escape and a late commuter train. The magic of Black and White comes not from each story, however, but from the mysterious interactions between them that creates a fifth story. Several motifs linking the tales are immediately apparent, such as trains--real and toy--and newspapers. A second or third reading reveals suggestions of the title theme: Holstein cows, prison uniform stripes. Eventually, the stories begin to merge into a surrealistic tale spanning several levels of reality, e.g.: Are characters in one story traveling on the toy train in another? Answers are never provided--this is not a mystery or puzzle book. Instead, Black and White challenges the reader to use text and pictures in unexpected ways. Although the novelty will wear off quickly for adults, no other writer for adults or children explores this unusual territory the way Macaulay does. All ages.

Review

"This work engages another side of the mind. It's a story; it's a puzzle; it's a game . . . Macaulay refuses to be confined by the conventions of the picture book."

Curtis Phillips:

This Black and White is great guide for you because the content that is full of information for you who have always deal with world and have to make decision every minute. This particular book reveal it information accurately using great plan word or we can point out no rambling sentences in it. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tricky core information with splendid delivering sentences. Having Black and White in your hand like having the world in your arm, data in it is not ridiculous one particular. We can say that no publication that offer you world inside ten or fifteen moment right but this publication already do that. So , this is good reading book. Heya Mr. and Mrs. active do you still doubt in which?

Rebecca Bonnett:

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the professor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Black and White can make you truly feel more interested to read.
