Dwellers of the Deep (Harbinger of Doom - Volume 4) (Harbinger of Doom series) By Glenn G. Thater

Book 1 of the Harbinger of Doom series is now available in Audiobook format:
ASIN: B01KB9UHC0

Dwellers of the Deep embraces the pulse-pounding action that the Harbinger of Doom Saga is known for, with battles so real, so immersive, you will find yourself reaching for your sword. Expansive in scope, Dwellers transforms the Saga into truly epic fantasy, and drops the reader into the Byzantine web of political intrigue that swirls about the Kingdom of Lomion.

In Glenn G. Thater's world of Midgaard, some kill for love or honor; others die for blood and souls. In Dwellers of the Deep, the fourth volume of the saga unfolds across a vast ocean of bleak expanses and forbidden islands that harbor secrets best unspoken, ancient magics best left buried, voracious monsters of the gelid depths, and a god of the outer spheres whose wrath will shake the very foundations of Midgaard.

Within these pages, heroes and villains abound. But are the heroes those that quest with Theta to keep shuttered the portal betwixt the worlds, or those that sail with Korrgonn for god and glory, to restore Azathoth's reign? Only you can decide. But in the end, Ob will tell you, evil is as evil does, and in Midgaard, only one thing is certain—nothing is as it seems.

Editorial Review

From the Author

I've done lots of things. I've gotten degrees and taken advanced courses in various fields: physics, engineering, religious studies, history. I've taught college courses, been a physicist, a licensed professional engineer, and I've investigated some of the most complex and high profile engineering disasters of the last twenty years. I've even testified as a forensic engineering expert before the supreme court of the State of New York. After reading the battle scenes in my books, some of my readers have asked me whether I also used to be a spy or a Special Forces operative. I can't comment on that, I tell them. My non-fiction work has been read around the world. I write some of that every day, and I still enjoy it. But all my life, for fun, I've written fantasy stories. I started writing them before I did any of the things I mentioned above, and I'll probably keep writing them for as long as I'm around. A few years ago, I decided to make a business out of it and get them published so others can read them too. I hope that you'll give my books a read.
