**Odoo 10 Development Essentials** By Daniel Reis

## Key Features

- Get the most up-to-date guide on Odoo 10 and learn how to build excellent business applications with Odoo
- This example-rich, easy-to-follow guide enables you to build apps appropriate to your business needs
- Create solid business applications with the help of this precise, to-the-point guide

## Book Description

Odoo is one of the fastest growing open source, business application development software products available. With announcement of Odoo 10, there are many new features added to Odoo and the face of business applications developed with Odoo has changed. This book will not only teach you how to build and customize business applications with Odoo, but it also covers all the new features that Odoo has to offer.

This book is the latest resource on developing and customizing Odoo 10 applications. It comes packed with much more and refined content than its predecessor. It will start with building business applications from scratch and will cover topics such as module extensions, inheritance, working with data, user interfaces, and so on. The book also covers the latest features of Odoo 10, in addition to front end development, testing and debugging techniques. The book will also talk about Odoo Community and Odoo Enterprise.

## What you will learn

- Install Odoo from source code and use all the basic techniques to setup and manage your Odoo server instances
- Create your first Odoo application
- Add Odoo's social and messaging features to your own modules
- Get to know the essentials of Models and Views
- Understand and use the server API to add business logic
- Use Qweb to create custom Reports
- Extend Odoo CMS features to create your own website controllers and pages

- Leverage Odoo Workflows on your applications
- Write module automated tests and debugging techniques
- Deploy your Odoo applications for production use

### Editorial Review

#### About the Author

Daniel Reis has been an active contributor in the Odoo community and a speaker at Odoo and other tech events. He is a member of the Board at the Odoo Community Association (OCA) and partner and advisor at Odoo integrator ThinkOpen Solutions. Daniel has a degree in Applied Mathematics, a Master in Business Administration, IT consultancy background, and he currently works as applications manager at Securitas Portugal.

### Users Review

#### From reader reviews:

##### Van Gee:

The reason why? Because this Odoo 10 Development Essentials is an unordinary book that the inside of the book waiting for you to snap the item but latter it will zap you with the secret the idea inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content within easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of benefits than the other book have such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I were you I will go to the book store hurriedly.

##### Arthur Seaton:

This Odoo 10 Development Essentials is great guide for you because the content that is certainly full of information for you who all always deal with world and still have to make decision every minute. This book reveal it information accurately using great organize word or we can say no rambling sentences inside it. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only will give you straight forward sentences but difficult core information with lovely delivering sentences. Having Odoo 10 Development Essentials in your hand like keeping the world in your arm, info in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen tiny right but this book already do that. So , this is certainly good reading book. Hello Mr. and Mrs. hectic do you still doubt that?

##### Pearlie Wong:

Is it a person who having spare time subsequently spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This Odoo 10 Development Essentials can be the response, oh how comes? A book you know. You are therefore out of date, spending your spare time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

**Yong Dickerson:**

On this era which is the greater man or who has ability in doing something more are more important than other. Do you want to become one of it? It is just simple approach to have that. What you should do is just spending your time almost no but quite enough to enjoy a look at some books. One of many books in the top record in your reading list is usually Odoo 10 Development Essentials. This book and that is qualified as The Hungry Inclines can get you closer in turning out to be precious person. By looking up and review this reserve you can get many advantages.
